

SARITHA N

Python Full Stack Developer | React | Django | SQL
sarithasankari154@gmail.com | +91 9361348040 | Chennai, Tamil Nadu | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Computer Science graduate with hands-on expertise in Python full-stack development using Django and React. Proficient in RESTful API design, CRM automation, database-driven systems, and responsive UI development. Experienced with Git, Agile methodologies, and OOP principles. Seeking a Python Full Stack Developer role to build impactful, production-ready applications.

TECHNICAL SKILLS

Languages:	Python, JavaScript ES6, HTML5, CSS3, SQL	Frameworks:	Django, React, Bootstrap, Tailwind CSS, REST APIs
Database:	MySQL, SQL, Django ORM, Database Design, CRUD	Tools:	Git, GitHub, Agile, MVT Architecture, RBAC, Redux

PROFESSIONAL EXPERIENCE

Web Development Intern CodeBind Technologies, Chennai	May 2024 – Jun 2024
- Built 8+ responsive frontend components using HTML5, CSS3, and JavaScript following W3C standards. - Designed 12+ Bootstrap UI components achieving 100% cross-device compatibility across mobile and desktop. - Participated in Agile code reviews and implemented Git version control workflows to maintain code quality.	

PROJECTS

CRM System – Automation & Manual Workflows React, Tailwind CSS, Django, SQL, Redux, REST APIs	GitHub 2026
- Engineered a full-stack CRM supporting both automated workflows (bulk customer assignment, auto-triggered follow-up reminders, pipeline stage transitions) and manual operations (drag-and-drop task updates, inline record editing) for managing 500+ customer records. - Built 8+ React dashboard components with Redux state management; automated sales pipeline tracking with real-time status updates and 90+ Lighthouse performance score. - Developed Django backend with RBAC, normalized SQL schema, and RESTful APIs for full CRUD; automated data entry validation and manual override controls for flexible team operations.	
Roadside Assistance Web App Django, Python, JavaScript, Bootstrap, MySQL	GitHub 2025
- Built full-stack booking platform with JWT authentication, real-time booking workflows, and payment modules handling 50+ concurrent users; reduced DB load time by 35%. - Developed custom Django admin with RBAC for 500+ records; engineered responsive Bootstrap/JS frontend scoring 95+ on Google Lighthouse.	
Review Analyzer Django, Python, MySQL, REST APIs	GitHub 2026
Built review management system with sentiment analysis, advanced filtering, and paginated RESTful APIs achieving sub-100ms response times across 10,000+ records.	

EDUCATION & CERTIFICATIONS

B.Sc. Computer Science Government Arts College, Dharmapuri 75% May 2025 HSC – Mathematics & Computer Science 62% 2022 SSLC – General Studies 75% 2020	Certifications: - Problem Solving Intermediate – HackerRank Mar 2026 - Python Full Stack Training – SLA Institute Nov 2025 Grade A - Diploma in Computer Application – CSC Academy 85%
